

Meeting Minute

Number: 5

In attendance: All the team members

Date: 23/10/2024

Time: 11 h

Topics:

1 – Understand the implementation of the Rest API

2 – Assignment tasks

1 – Understand the implementation of the Rest API

Defined plan:

We tried to better understand how to Define and implement the REST API endpoints (CRUD) and we came to the conclusion that the best option would be to implement it first and generate the documentation later using SWAGGER.

2 – Assignment tasks

Defined plan:

According to the preferences of each of us and taking into account what each of us did in the prototype, we defined what we would do and update the backlog

Next Steps:

1. Start implementing the REST API
