1 – Assignment of the tasks

Defined plan:

According to the preferences of each of us and considering what each of us did in the previous iterations, we defined what we would do and update the backlog.

2 – Overview of the project

Defined plan:

Create some issues for minor bugs found in the project.

3 – Discussion of what we should do about the final presentation

Defined plan:

We decided that for the final presentation we would do a live demo and present all the user stories and architecture details.

Next Steps:

- 1. Implement all the pendent issues and do the final presentation**
