

Meeting Minute

Number: 2

In attendance: All team members

Date: 09/10/2024

Time: 10 h

Topics:

1 – Defining the initial architecture

2 – Mockups

1 – Defining the initial architecture

Defined plan:

David and Henrique began to define which technologies to use and the system architecture.

2 – Mockups

Defined plan:

Maria and Francisca did some initial mockups and defined the colors.

After approval by all members of the group, we decided that we will implement the mockups in figma by Friday.

Next Steps:

1. Pass the mockups to code
2. Improve architecture based on some experiences
